RECOMMENDATION

Public Hearing - No recommended Action

DISCUSSION

The current zoning code was adopted by City Council in 2009. This action will require that Medical Marijuana Dispensaries maintain a 500 foot separation, while removing the separation requirement from all other related activities, like cultivation or grow facilities.

A public hearing was held on April 4, 2018 by the Planning and Zoning Commission. The Commission concurred with the recommended action and voted to approve. This is the second of two public hearings.
